

## How It Works

The Harman PB105 Pellet Boiler has automatic ignition, automatic temperature control, and Harman's patented pellet pro feeder and burn pot. Designed for easy access to the burn pot, the entire hopper component swings open for performing maintenance and cleaning. The PB105 packs 0 to 113,900 BTU and has a 205 lb. hopper capacity and an extra large ash pan.

## Features

- 3 Pass Heat Exchanger Design maintains maximum efficiency
