Warmland

PS45

Warmland is the English translation of Cowichan, the name the indigenous people gave the valley where Pacific Energy has been building world class hearth products for over thirty years.

Features

- BTU range from 10,000 to 45,000
- Self cleaning stainless steel burn pot liner for easy operation with different grades of wood pellets
- 85 lb hopper minimizes refueling times
- Easy opening hopper lid for refueling with safety shut-off switch
- Clean glass air-wash technology ensures view of Warmland's signature robust flames
- Choice of pedestal base or legs to match your décor
- Knife edge door seal for added air leakage protection
- Select desired temperatures with the concealed user friendly digital control panel
- 3-mode operation control: Auto, Hi/Low, Manual
- Large ash drawer for convenient ash removal
- Safety switches to shut down operation if required
- Automatic fuel igniter
- Heavy gauge heat exchanger tubing for extended reliability
- 600 sq. inches of heat exchanger tubing for maxim heat output
- Built in heat exchanger cleaner
- Low maintenance 180 cfm variable speed blower for heat distribution
- 3 or 4 inch venting capable
- 5 Year Limited Warranty for peace of mind
